

**Glenn Bartley, MSc**

\_(Photo Credits of birds,nature on website)

Glenn worked with the Tsawout First Nation to develop the book, TIXEN. Glenn was instrumental in bringing together the Canadian Wildlife Service, CRD and a local First Nations community towards a conservation and restoration plan for one of Vancouver Islands rarest and most fragile ecosystems. He is especially interested in the protection and enhancement of migratory bird habitat and in making connections between a variety of diverse stakeholders. [w
